The new Quad L-series subwoofer offers the finest bass performance of any subwoofer in its class.

Technological breakthroughs in every aspect of design ensure the L-Sub delivers the kind of reproduction expected from the most respected name in audio.

A revolutionary 'tri-lam' cone, using carbon fibre sandwiched between two woven glass-fibre sheets, ensures a truly pistonic response even under extreme conditions.

The powerful 300WRMS amplifier section is fed through our new microprocessor controlled fourth order filter stage, with switchable low pass filters.

The remote controlled operation with digital display and four memory settings allows different levels for home cinema and for stereo use.
